

Health & Safety Products & Services

interim management
for the facade and construction markets

d6consult limited

Whilst we offer core Consultancy and Training services, we are fully client focussed and can tailor a product or service to meet your business needs. Our core services include:

Health & Safety Compliance Checks - We will visit your premises or site, get to know your business and carry out a full audit of your documentation and working practices. We will then compile a full, easy to follow report illustrated with photographs.

Preparation of Your Policies, Procedures and Handbooks - We can work with you to prepare your health & safety policies and procedures. These documents will be built around your business and act as the cornerstone for managing health & safety.

OHSAS 18001 - We can prepare a procedure manual based on the OHSAS 18001 standard and help prepare you for external verification.

Ongoing Support Packages - We can tailor a flexible, ongoing support package over either one or three years consisting of compliance checks, training, manuals, updates, advice service etc..

Advice Line - Access to one of our Chartered Safety Practitioners 24 hours a day, 365 days a year. We are always here to advise and assist you.

Risk Assessment Programmes - Our risk assessment packages are designed to empower your workforce to carry out suitable and sufficient risk assessments. The package includes all the required documentation and hands-on support in compiling your risk assessments.

Training Courses - Our talented and enthusiastic trainers bring health & safety to life with fully interactive courses that are weighted towards practical exercises and activities. Call now for details on our full training program.

Short Term Safety Cover - We will support your business with assistance and advice during staff holidays, long term sickness, maternity leave etc. ensuring your risks are adequately managed during these times.

Assistance with Contractors Questionnaires and Accreditations - We will assist you in completing any Contractors Questionnaires or Accreditation Schemes such as CHAS, Constructionline, SafeContractor etc. . These accreditations will ensure your business is better equipped to win larger and more lucrative contracts.
